"The Future of IT, Utilizing Cloud Services and Enabling Mobile"

The High Technology Management League (HTML) is the gathering of CIOs, IT Directors/Managers and other leaders in technology management from the world's global leaders based in Tokyo. The HTML August meeting is in Tokyo on 29 August at 7PM. We are pleased to be welcomed and hosted by the masters of virtualization, Citrix Systems. The meeting will give us 30-40 minutes to hear what's coming up at Citrix and give you a chance to learn about what other companies are doing in technology. Food and drinks to follow.

Space is limited so please register early to secure you seat. To register please email html@aineo.com with your name, title, and contact details by 5PM on August 26.
